

Renowned astronomer at Erindale

Internationally renowned astronomer and educator, Dr. Owen Gingerich will present three public lectures January 23, 24 and 25. Erindale College's 1979 Snider Visiting Lecturer, Dr. Gingerich is widely known as the editor of a collection of *Scientific American* articles entitled "New Frontiers in Astronomy". A leading authority on Johannes Kepler and Nicolaus Copernicus, Gingerich teaches astronomy to non-scientists at Harvard University.

His lectures should be of wide general interest.

Athletic atonement

If those holiday indulgences are weighing heavily on your, ah, conscience, you'll be pleased to learn that atonement is only a wheeze away.

Winter fitness classes begin this week for those who require the moral discipline for those who require the discipline and moral support of organized exercise. Consult *Sportsweek* or call the fitness office at Hart House at 978-3084 for more information.

Registration for winter term instructional courses will be held Jan. 10-11 in the Benson Building upper lounge for the adventurous who want to learn a new activity or the conservative who wish to pursue an old one. The January issues of *Sportsweek* (issues 14 and 15) will contain the schedule of courses. Call the instruction office for details — 978-3436.

Recreational swimming in either the Hart House pool or Benson Building pool will continue, as will recreational tennis and badminton in the Benson Building Gym. For more information, consult the swim schedule in *Sportsweek*, or the tennis/badminton schedule in the Benson Building lobby, or call the recreation office at 978-3441.

And for the very hardy and self-disciplined, there's always the afternoon jog around the Hart House back campus. Brrr.

Research grants available for graduate students

The Centre for International Studies has limited funds available to assist students to meet research costs incurred in the preparation of their doctoral dissertations. Awards are made for projects falling within the centre's terms of reference in both the international relations and area studies aspects of the program. Preference will be given to projects dealing with international relations and to those relating to Canada's external policies.

As an interdisciplinary body, the centre is especially interested in projects which have an interdisciplinary component. Awards are intended to facilitate research in the modern period, generally interpreted to mean the 20th century; historical topics in international relations falling outside this period will, however, be eligible for consideration.

These awards are grants to assist in meeting the additional costs involved in research away from Toronto. They are not intended as substitutes for fellowship assistance. Students registered at OISE, which has its own research and fellowship funds, are ineligible to apply.

For further information and application forms, contact the CIS, room 208, Trinity College, telephone 978-3350. Deadline for applications in February 1.

Number 11, 32nd year

The University of Toronto *Bulletin* is published by the Department of Information Services, 45 Willcocks St., Toronto M5S 1A1.

Bulletin

Most recommendations are constructive

says administration's response to Planning & Priorities Subcommittee's interim report on divisional planning

The administrative response to the second interim report of the Planning & Priorities Subcommittee was presented to the Planning & Resources Committee at its meeting Dec. 11.

In its response, the administration commended the subcommittee for its understanding and organization of the planning and priorities of a wide variety of academic divisions "whose plans and initiatives are diverse and under various pressures of constraint or impetus to expand". The administration also praised the academic divisions for their commitments to planning and "critical self-examination which have led to plainly articulated priorities".

The subcommittee's recommendations were, for the most part, constructive, the administration noted. However, certain recommendations were questioned on the basis that they were "to strictly constructed, or directed at short-term administrative problems rather than long-term policy concerns".

The subcommittee's recommendation that budgetary additions not be granted for several divisions (Recommendations I-31, 41, 43, 44, 45, 48 and 49 of the interim report) was criticized by the administration.

"The maintenance of academic programs sometimes does require budget adjustments in response to unexpected exigencies," the administrative response observed.

In addition, the subcommittee's

recommendation that *no* appointments or replacements in the tenure stream be approved in the Faculty of Arts & Science (including Erindale College) and at Scarborough College was described by the administration as not being within the subcommittee's domain.

"Although very few tenure stream appointments will be made in arts and science, there nevertheless may be circumstances where it will be desirable and necessary to make tenure-stream appointments in response to sudden changes in staffing or enrolment, or to take advantage of an unanticipated opportunity to attract an eminent scholar to the University."

(Government appointee William Corcoran wondered how many tenure-stream appointments would be made and how many tenured appointments there are in the University. President Ham replied that, in the entire University, there are about 1,550 tenured faculty. About six tenure-stream appointments would be made this year, he said, and about fifty would be lost because of deaths, resignations and retirements.)

The administration also recommended that the Planning & Resources Committee formally recognize the divisions' Stage III plans as their official plans, even though the subcommittee's terms of reference will not be fulfilled until the end of the year when it submits its final report.

Objections were raised at the meeting that recognition of the divisions' plans

would imply approval, and that the divisions would then be unable to revise them.

Harry Eastman, vice-president, research and planning, replied that recognition of the plans would not necessarily mean approval of their content, but recognition that they are the plans the divisions *intend* to follow. He also said that it was not intended that the plans could not be revised, but that they form a base against which other submissions might be measured.

The Planning & Resources Committee asked that the administrative response be distributed to the Planning & Priorities Subcommittee. (Part-time undergraduate student Bev Batten said it was "unfortunate this document hasn't been circulated for their comment, rather than for their information".)

In other business, Professor Eastman presented the committee with the outline of the University's brief to the Ontario Council on University Affairs (OCUA). The outline was presented because the committee would not have time to review the final draft, which has to be presented to OCUA by Feb. 20. A working group was established by Planning & Resources to review the brief and make certain that it is consistent with the outline presented to the committee.

The next meeting of the Planning & Resources Committee is Jan. 15.

Public's right to know

threatened by government's proposal to halve supply of publications to libraries says chief librarian, Bob Blackburn

Chief librarian Robert H. Blackburn has added his voice to the mounting protest against the federal government's proposed plans to restrict the free distribution of government publications to Canadian libraries.

In a recent letter to the Minister of Supply and Services, Pierre de Bané, Blackburn expressed concern about the Federal Publishing Centre (formerly Queen's Printer) proposal to reduce by half the number of Canadian academic and public libraries now receiving government publications free of charge. The proposed reduction will take place April 1, and will cut the centre's budget by \$1.2 million.

Such an action, writes Blackburn, "would be in direct contradiction to the government's stated principles concerning access to public information."

At present, 850 public, university and college libraries are either "full" or "selective" depositories of government documents (some receive all of them, while others receive them on a selective basis). The proposed cut will supposedly reduce most university libraries, including U of T's, from "full" depository to "selective" depository status.

This, says Blackburn, "would be a severe blow at a time when the pressures of inflation and devaluation have obliged academic libraries to cut staff and to reduce their purchasing programs."

A library relegated to selective status would have to accept delays before obtaining any documents, says Blackburn, and would either have to select everything

on the weekly list (thereby taking on considerable new expense in checking, claiming and paying for priced items); or substantially reduce its intake of documents which would mean breaking files, receiving fewer current publications, and "losing forever the ability of its University to support studies of Canadian affairs at this period".

In addition to the effect the publishing centre's proposal would have on academic libraries, Blackburn said it would have "a disastrous effect . . . on the ability of Canadian people everywhere to find out what is being done in their country and in their government".

He endorsed the recommendation of the Canadian Association of Research Libraries that implementation of the proposed cuts be delayed and that a nationwide system of "full" and "selective" depositories be established based on the "willingness and ability of university, legislative and public libraries to provide public access to government publications".

Blackburn has also written to the University's principals, deans, directors and chairmen whose divisions use Canadian government publications informing them that President Ham and Arts & Science Dean Arthur Kruger deplore the proposed cut, and asking them to take any action they see fit to persuade the government to change its intention.

Protests to the proposed cutbacks have also come from the Canadian Association of University Teachers and the Canadian Library Association.

Governing Council — December 21

- approved a mechanism to deal with social and political issues with respect to University investment policy along with the dissolution of the Subcommittee on the Voting of Proxies
- approved that the Benson Building be renamed the Clara Benson Building, that the new athletic complex be named the Warren Stevens Building and that the entire complex be named the Athletics & Physical Education Centre
- approved in principle to Sandford Fleming Reconstruction Project at an estimated project cost of \$12,004,600
- approved election guidelines for the 1979 election of staff and students to the Governing Council
- approved various recommendations regarding the dissolution of the Television Production Services as a separate unit
- approved revised terms of reference for standing committees of the Governing Council

The Governing Council of the University of Toronto

Election

The following are excerpts from *Election Guidelines 1979*, a document setting out the procedures for the Elections to the Governing Council discussed below. Copies of the complete *Election Guidelines 1979* are available from the Governing Council Secretariat, telephone 978-6576, where any additional enquiries may also be directed.

The election shall be by mailed ballot, and information regarding balloting procedures will be published at a later date.

Prospective candidates are urged to obtain nomination forms and copies of the complete regulations as soon as possible.

Authority

for the conduct of the election

The election is conducted by the Governing Council under the authority of the *University of Toronto Act, 1971*.

Description of constituencies in which elections are required

“Teaching Staff” means the employees of the University, University College, the constituent colleges and the federated universities who hold the academic rank of professor, associate professor, assistant professor, full-time lecturer or part-time lecturer unless such part-time lecturer is registered as a student. (“Lecturer” includes associates and clinical teachers in the Faculty of Medicine, and associates in the Faculty of Dentistry. The categories of tutor and senior tutor are considered equivalent to that of “lecturer for purposes of Governing Council elections only.”).

Teaching Staff Constituencies:

In all cases a teaching staff member’s constituency will be determined on the basis of his major teaching appointment to a faculty, college or school. Only in the case of a teaching staff member without a teaching appointment to a faculty, college or school, will his constituency be determined by another appointment. Teaching staff who hold a concurrent non-academic or academic non-teaching appointment will vote in the appropriate teaching staff constituency.

Constituency IB — 1 seat

For which an election is required

all teaching staff members who hold their major appointments at Scarborough or Erindale Colleges

P.H. Salus — term expires June 30, 1979

Constituency IC — 1 seat

For which an election is required
all teaching staff members in the Faculty of Arts & Science who hold their major appointments in the Departments of Classics, English, French, German, Near Eastern Studies, East Asian Studies, Middle East & Islamic Studies, Italian Studies, Spanish & Portuguese Studies, Slavic Languages & Literatures, Fine Art and Linguistics (excluding those who are members of Constituency IB and those who hold their major appointment in the federated universities)

Henry Auster — term expires June 30, 1979.

Constituency III — 2 seats

For which an election is required to one seat.

all teaching staff members in the Faculty of Medicine

J.W. Meakin — term expires June 30, 1979.

M.J. Kelner — term expires June 30, 1980

Constituency IV — 1 seat

For which an election is required

all teaching staff members in the Faculty of Dentistry, Faculty of Nursing, Faculty of Pharmacy and the School of Physical & Health Education

R.M. Baxter — term expires June 30, 1979

“Graduate Student” means all students registered in the School of Graduate Studies.

Graduate Student Constituencies:

Constituency I — 1 seat

For which an election is required

all students in Division I (Humanities) of the School of Graduate Studies; Division II (Social Sciences) of the School of Graduate Studies, with the exception of the Graduate Department of Educational Theory

A.J. Usher — term expires June 30, 1979

Constituency II — 1 seat

For which an election is required

all students in the Graduate Department of Educational Theory; Division III (Physical Sciences) of the School of Graduate Studies; Division IV (Life Sciences) of the School of Graduate Studies

J.M. Tetroe — term expires June 30, 1979

“Full-Time Undergraduate Student” means all students (except students registered in the Toronto School of Theology) registered at the University in a program of part-time study who are not registered in the School of Graduate Studies. All students in Arts & Science, on all campuses, for electoral purposes, will be considered full-time if enrolled in four or more courses, including students at Scarborough College.

Full-Time Undergraduate Student Constituencies:

Constituency I — 2 seats

For which an election is required

all students registered in the Faculty of Arts & Science including Erindale College and students at Scarborough College

J.B. Bloch and D.A. Guloien — terms expire June 30, 1979

Constituency II — 2 seats

For which an election is required

all students registered in the Faculty of Dentistry, Faculty of Food Sciences, Faculty of Nursing, Faculty of Medicine, Faculty of Pharmacy, School of Physical & Health Education, Faculty of Education, Faculty of Applied Science & Engineering, School of Architecture, Faculty of Forestry & Landscape Architecture, Faculty of Law, Faculty of Music, Faculty of Management Studies and the Faculty of Social Work (with the proviso that both members elected in Constituency II not be registered in the same faculty or school, and that in the event that a member elected while registered in one faculty or school later registers in the faculty or school in which the other elected member is registered, the transferring member shall resign his seat)

R.E. Johnston and M.K. Wax — terms expire June 30, 1979

“Part-Time Undergraduate Student” means all students registered at the University in a program of part-time study who are not registered in the School of Graduate Studies. All students in Arts and Science, on all campuses, will be considered part-time if enrolled in less than four courses, including students at Scarborough College.

Part-Time Undergraduate Student Constituency:

Constituency I — 2 seats

For which an election is required all part-time undergraduate students

B.A. Batten and J.C. Dadds — terms expire June 30, 1979

“Administrative Staff” means the employees of the University, University College, the constituent colleges and the federated universities who are not members of the teaching staff thereof.

Administrative staff constituency:

Constituency I — 2 seats

For which election is required to one seat

all administrative staff members

J.D. Kraemer — term expires June 30, 1980

G.H. Bishop — term expires June 30, 1979

Terms of Office

Administrative staff — three years

Students — one year

Teaching staff — three years

Nominations

i) Nomination period and deadline

Nomination forms will be available at the Governing Council Secretariat, Room 106, Simcoe Hall, and at registrars' offices at Scarborough College and Erindale College. Nominations for four teaching staff, one administrative staff and eight student seats will open on Monday, January 15 at 9 a.m. and remain open until Friday, January 26 at 12 noon. *Nomination papers must be filed at the Governing Council Secretariat and nominations received elsewhere or after that time will be invalid.*

ii) Eligibility of nominators

All nominators must be members of the same constituency as the nominee. A nominator may not nominate more candidates for election than there are seats vacant in his constituency.

iii) Nomination signatures

Nominations for teaching staff seats must contain the signatures of 10 nominators, each indicating their *printed full name and department*.

Nominations for graduate student seats must contain the signatures of 15 nominators, each indicating their *printed full name and student number*.

Nominations for full-time undergraduate student seats must contain the signatures of 30 nominators, each indicating their *printed full name and student number*.

Nominations for part-time undergraduate student seats must contain the signatures of 15 nominators, each indicating their *printed full name and student number*.

Nominations for administrative staff seats must contain the signatures of 20 nominators, each indicating their *printed full name and department or office*.

iv) Citizenship

Any person nominated as a candidate must be a Canadian citizen at the time

of nomination if his candidacy is to be acceptable. Documentary evidence of Canadian citizenship must be presented with each nomination form for examination by the Chief Returning Officer.

xi) Errors or irregularities in nominations

The onus is on the person nominated for election to file a bona fide nomination paper. Errors or irregularities in these papers constitute grounds for rejection of the nomination. Errors or irregularities may be corrected prior to the close of nominations, and some errors or irregularities, though not all, may be corrected during the time allotted in the correction period. The Governing Council Secretariat will attempt to notify candidates of the existence of any errors or irregularities, but it is not bound to do so. Candidates are advised to complete and submit their nomination papers early in the nomination period.

The correction period is designed only to facilitate the correction of minor errors in nominations otherwise made in good faith. Candidates may not, therefore, knowingly file incorrect papers in order to use the correction period as an extension of the regular nomination period. Consequently, wherever possible, errors in student numbers or other information must be corrected, in preference to the collection of new signatures to obtain the minimum number of correct nominators' signatures.

g) Irregularities

An irregularity, failure, non-compliance or mistake in any proceedings relating to the election, or to the election in any constituency, does not invalidate the election if it appears to the Subcommittee on Elections that the election was conducted in accordance with the principles of these Guidelines and that the irregularity, failure, non-compliance or mistake did not or is not reasonably likely to affect the result of the election.

j) Resignation for ineligibility:

A successful candidate must resign his seat at any time he ceases to meet the eligibility requirements for that seat.

Powers and duties of the Governing Council

a) The University of Toronto Act

The *University of Toronto Act, 1971* vests in the Governing Council the government, management and control of the University and of University College, and property, revenues, business and affairs thereof, and the powers and duties of the former Board of Governors and Senate of the University.

b) Committees

In view of the size and complexity of the University and the extensive duties of the Governing Council, it has delegated many of its review powers to working committees. In addition to an Executive Committee, the Council has established an Academic Affairs Committee, a Business Affairs Committee, a Campus & Community Affairs Committee and a Planning & Resources Committee. Members of the council normally sit on at least one of these committees.

1979 Governing Council Election Schedule

Nominations open	Monday, January 15, 9 a.m.
Nominations close	Friday, January 26, 12 noon
Announcement of irregular nominations	Friday, February 2, 12 noon
Filing of corrected papers	Monday, February 5, 3 p.m.
Announcement of candidates	Tuesday, February 6, 12 noon
Filing of intention to appeal	Tuesday, February 6, 5 p.m.
Appeals completed	Friday, February 9, 5 p.m.
Announcement of additional candidates	Monday, February 12, 12 noon
Reading Week	February 19-23
Mailing of ballot papers	Friday, March 2
Close of election	Thursday, March 15, 12 noon
Announcement of results	Thursday, March 22
Deadline for receipt of election expenses	Thursday, March 29
Deadline for recount request	Thursday, April 5

Job Openings

Below is a partial list of job openings at the University. Interested applicants should read the Promotional Opportunity postings on their staff bulletin boards, or telephone the Personnel Office for further information. The number in brackets following the name of the department in the list indicates the personnel officer responsible. Please call: (1) Sylvia Holland, 978-6470; (2) Penny Tai-Pow, 978-5468; (3) Manfred Wewers, 978-4834; (4) Ann Sarsfield, 978-2112; (5) Barb Lipton, 978-4518; (6) Clive Pyne, 978-4419.

Research Nutritionist (\$13,000 — 15,300 — 17,600)
Department of Medicine (4)

E.M. Technician III (\$13,000 — 15,300 — 17,600)
Dentistry (1)

Assistant Information Officer (\$10,590 — 12,450 — 14,310)
School of Continuing Studies (2)

Probationary Constable (\$12,480)
Erindale (6), St. George (6)

Research Assistant (\$10,590 — 12,450 — 14,310)
Industrial Engineering, grant position, temporary (5)

Engineering Technologist (\$13,740 — 16,170 — 18,600)
Mechanical Engineering (5)

Craftsman III (\$14,430 — 16,980 — 19,530)
Erindale (3)

Programmer III (\$16,910 — 19,900 — 22,890)
Academic Statistics (1), Computer Centre (3)

PhD Orals

Monday, January 8

Judah Lawrence Gringorten, Department of Zoology, "Aspects of the Flight Physiology of *Rhodnius Prolixus*: Wing-Beat Pattern, Water Balance and Amino-Acid Changes During Exhaustive Flight." Thesis supervisor: Prof. W.G. Friend. Room 307, 63 St. George St., 2 p.m.

Barbara Ruth Moyal, Department of Educational Theory, "The Identification of Depressive Children." Thesis supervisor: Prof. R. Friedman. Room 111, 63 St. George St., 2 p.m.

Thursday, January 11

Claudio Cermignani, Department of Geology, "Metamorphic Reactions in the System Albite-Anorthite-Nepheline- Na_2CO_3 - H_2O , with Application to the Haliburton-Bancroft Alkaline Rocks." Thesis supervisor: Prof. G.M. Anderson. Room 309, 63 St. George St., 2 p.m.

Wednesday, January 17

William Cupchik, Department of Educational Theory, "Clinical Imaginative Imagery." Thesis supervisor: Prof. V. Darroch. Room 111, 63 St. George St., 2 p.m.

Friday, January 19

Lynn Wilson, Department of Classics, "Prophesis, and Aitia and its Cognates in Pre-Platonic Greek." Thesis supervisor: Prof. L.E. Woodbury. Room 111, 63 St. George St., 10 a.m.

Paul Wayne Sanderson, Department of Political Economy, "Policy and Decision-Making Processes in an Industrially Advanced Communist System: The Case of the Economic Policy Realm in East Germany, 1953-1963." Thesis supervisor: Prof. H.G. Skilling. Room 309, 63 St. George St., 10 a.m.

Monday, January 22

Barbara Jane Burnaby, Department of Educational Theory, "Roles of Language in Education for Native Children in Ontario." Thesis supervisor: Prof. M. Swain. Room 111, 63 St. George St., 2 p.m.

Sandra Miriam Shiner, Department of Educational Theory, "Roles of Languages Implications of the Profiles of Gifted High School Students." Thesis supervisor: Prof. R. Courtney. Room 309, 63 St. George St., 3.30 p.m.

Press Notes

For a few months before Christmas we catch only glimpses of our sales and promotion staff as they zoom around arranging book launchings, media interviews, autographing sessions, authors' tours, and the other hundred and one publicity efforts aimed at getting the widest possible exposure for the Press's seasonal gift books. The book's author is of course its most enthusiastic promoter and in a blitz on the media he or she is whisked through a dizzying series of personal appearances and interviews on radio and television and with the press. (One author's wife said that in this period her husband continually recited the title of his book in his sleep, with hands held in the air, as if holding his book up for a television camera.) Publicity is also organized all across Canada; advertisements are inserted in magazines and newspapers; review copies are widely distributed for maximum media coverage; bookstores are encouraged to feature our books in window displays and to hang posters; thousands of brochures are circulated; and so on. When the publicity campaign is over the staff is exhausted, the budget has almost been adhered to, and everyone and his brother has heard *something* about the books being promoted.

Scholarly books call for less hectic but equally extensive promotion over a longer period. Here the market is a small but international one which must be pinpointed with precision. Unless the book's subject is topical or controversial the popular media and general bookstores are not likely to be interested. Sales therefore will be mainly to libraries, academics and those directly concerned with the subject matter. Scholarly books are promoted through descriptive announcements in seasonal and subject catalogues, advertisements in appropriate journals, distribution of review copies to journals concerned with the particular areas of study, display at relevant scholarly and library meetings, and of course through direct mail which is one of the most important ways of reaching a specific audience. In addition, the Press has worldwide sales representation through our own offices abroad and a network of agents and representatives.

As reviews appear in scholarly journals (often a painfully slow process) they are excerpted and carried in the promotional material for related titles, in catalogues, etc. In this and other ways promotion is continued long after publication. While most copies of a general title are sold in the short period after publication, the scholarly book usually sells slowly but steadily over many years. The scholarly author seldom enjoys the luxury of immediate reaction to his work, as the popular author does, but has the satisfaction of knowing his book will remain available all over the world long after the attention-grabbers have been forgotten.

University
of Toronto
Press

Principal Paul Fox has appointed a search committee for the position of associate dean (science), Erindale College, to replace Dean B.I. Roots whose term expires June 30.

The search committee is composed of

Principal P.W. Fox, chairman, Professors L. Krames, psychology; P. Horgen, botany; H. Taylor, physics; E. Neglia, Spanish; G. Gracie, survey science;

chemistry; Associate Dean A. Zimmerman, SGS; Associate Dean R. Pugh, arts and science; and Mrs. L. Seppala, secretary.

The committee welcomes nominations which should be sent to the secretary of the committee at Erindale College or given to any member of the committee.

The deadline for nominations is

January 22.

International Congress

Government assistance is available to persons undertaking to invite an international congress to meet in Canada. Conference Management Associates will provide assistance in concert with appropriate agencies to individuals who wish to develop an effective invitation programme.

This includes realization of receptions and inspection visits by site selection committees, evaluation of possible competitive invitations, development of a formal presentation to the head organization, and development of attractive, well-documented support materials. Travel assistance may also be provided.
